When two planets are separated by a particular angle, astrologers believe that the influences of the two planets combine to create a strong effect on a person. In ancient astrology and much modern astrology five angles are considered very important: 0, 60, 90, 120, and 180 degrees. These important angles are known as "aspects". In modern times, many astrologers also interpret aspects of 30, 45, 135, and 150 degrees. Some astrologers also use a variety of other angles, such as 72, 144, 40, 80, and many other angles. In the late 20th century a branch of astrology known as "harmonic astrology" developed and practitioners of harmonic astrology believe that there are many hundreds of different aspects, so harmonic astrology has greatly increased the complexity of astrological interpretation. Not all astrologers are convinced that these additional aspects are important. Harmonic astrologers also group together various aspects which they believe to have a similar influence. For example, the fractions of  $1/9$  (40 degrees),  $2/9$  (80 degrees), and  $4/9$  (160 degrees) of a circle are known as "9th harmonic aspects". Given below are interpretations of the following 6 aspects: (1) the semisextile aspect,

which is 30 degrees, (2) 24th harmonic aspects, (3) 16th and 32nd harmonic aspects, (4) quintiles and biquintiles, also known as 5th harmonic aspects, (5) the septile, biseptile, and triseptile aspects, also known as 7th harmonic aspects, and (6) the novile, binovile, and quadnovile aspects, also known as 9th harmonic aspects. These additional aspects are known as minor aspects or harmonic aspects. There are many other aspects used in harmonic astrology, but these aspects are among the most important and powerful, and hence this report describes some of the most important Harmonic Highlights in your astrology chart.

I recommend that you read this report after reading an interpretation based primarily on the most commonly used aspects. I think you will be impressed by the ways in which the aspects interpreted in this report describe major issues in your life and in your personality that are not described as clearly by the more commonly used aspects. Hopefully this analysis of harmonic aspects will be useful and helpful to you. If you are an astrologer and you currently do not use harmonic aspects, reading several Harmonic Highlights Reports of friends and family may make you a believer in harmonic aspects. Adding these additional aspects to your interpretation does add greater complexity and detail to your analysis, and keeping a clear, integrated view of the astrology chart becomes more difficult, but astrology is likely to grow in sophistication as it evolves and develops in the 21st century.

Aspects noted as "very strong" in the report have an orb of less than 1/3 the allowable orb and appear at the beginning of the report. "Strong" aspects have an orb of less than 2/3 the allowable orb, and aspects that have an orb that is 2/3 or greater of the allowable orb are printed at the end of the report.

If there are any midpoints conjunct or opposition midpoints within a 15 minute orb, these are also interpreted. These four-planet patterns are also known as isotraps or planetary pictures.

Finally, planets conjunct or opposition the midpoint of two other planets are interpreted. These midpoint structures are also known as direct midpoint structures because the angular distance

from the planet at the midpoint to each of the other two planets is the same. Direct midpoint structures with an orb of less than 15 minutes are analyzed first followed by those with a 30 minute orb, then a 1 degree orb, and finally up to a 1 1/2 degree orb. Therefore the midpoint structures with smaller orbs are interpreted first followed by midpoint structures with larger orbs.

For the benefit of astrologers, given below are the orbs used for each aspect. Note that according to harmonic theory, orbs are defined so that all harmonics occur equally often by chance, and hence the orbs are not rounded to the nearest degree.

#### Aspects and orbs:

16th harmonic	:	1 Deg 00 Min
32nd harmonic	:	0 Deg 30 Min
24th harmonic	:	0 Deg 40 Min
5th harmonic	:	3 Deg 12 Min
7th harmonic	:	2 Deg 17 Min
9th harmonic	:	1 Deg 47 Min
semisextile	:	1 Deg 20 Min

#### ***Saturn 24th harmonic (7/24) Neptune, very strong (Orb: 0 Deg 03 Min):***

You dislike glamour and superficiality. You question the ideals and religious beliefs that you are exposed to, and you are inclined to focus on the most essential and fundamental religious or spiritual values. You may be so serious in your pursuit of your ideals that you miss the joys of fantasy and the magic of having a vivid imagination.

#### ***Moon 7th harmonic (septile) Jupiter, very strong (Orb: 0 Deg 42 Min)***

If you haven't done so already, consider joining a group that practices or trains together,

whether that be a musical group, sports team, or other association of people that practice and work together. You feel emotionally liberated and happy when you are part of a team or even an organization where each person works effectively with everyone else. Wild parties or disorganized collections of people are not as important to you as a group of people that works or trains together. You may not have been able to verbalize your preferences in this way but your tendency to shy away from casual light social gatherings is from your need to have a deeper kind of bonding based on a shared discipline or challenge.

*Mercury 7th harmonic (triseptile) Uranus, very strong (Orb: 0 Deg 00 Min):*

Your mind can concentrate and focus in areas that others are inclined to avoid. You have a tendency to tackle a difficult problem or subject rather than an easy one. You are capable of prolonged, abstract thinking, and you can enjoy the stress and challenge of unraveling a difficult but exciting subject. Your thinking process is unusual and sometimes you may fail to grasp simple ideas and yet have great facility and aptitude for other subjects that most people find abstruse and difficult. Over time you can develop exceptional expertise in an academic subject.

*Mars 9th harmonic (quadnovile) Pluto, very strong (Orb: 0 Deg 21 Min):*

You like to synthesize many different influences into whatever you do. You integrate different influences into a new recipe, style, or approach. You work passionately from inner conviction and instinct, drawing upon different traditions to produce something that is cross-cultural or universal in its appeal or a compromise that will resolve differences of opinion.

*Sun 16th harmonic (1/16) Mercury (Orb: 0 Deg 28 Min):*

You have a deep inner need to see things more clearly. You may have keen eyesight or excellent ability to tune musical instruments or you may be involved in improving the literacy or

communication abilities of others.

*Mercury 16th harmonic (7/16) Mars, strong (Orb: 0 Deg 26 Min):*

You have a talent for filtering out extraneous or useless information. You are too impatient to get to the "bottom line" to spend much time listening to what you consider useless information. You have strong opinions and confidence in the subject areas that you have chosen to focus on. Although you have strong views, you may not be argumentative at all because you are so self-assured that you don't need to prove your point to others or convince them that you are correct. You become angry or defiant only if someone tries to interfere with your personal interest and views, and this is not likely to occur very often, if at all.

*Jupiter 16th harmonic (5/16) Saturn, strong (Orb: 0 Deg 29 Min):*

You avoid wild speculation and gambling and you are quick to note inadequacies of people or things that are highly acclaimed but you regard as superficial or mediocre.

*Mars 5th harmonic (quintile) Saturn, strong (Orb: 2 Deg 03 Min):*

You work well on creative projects, especially if solitude or focused concentration and dedication are required. You can be a good craftsman or craftswoman, writer, gardener, or worker in any other creative activity.

*Venus 9th harmonic (quadnovile) Mars, strong (Orb: 0 Deg 57 Min):*

You are inclined to have a long-lasting marriage or romantic relationship. You tend to fall deeply in love and to make your marriage a very high, if not the highest, priority in your life. You tend to feel more complete and fulfilled in a strong relationship than if you were to live alone. Most likely you enjoy and seek out a creative domestic environment with children,

creative cooking, crafts, and old-fashioned happiness. Your close friends are very dear to you, and become like family.

*Moon 16th harmonic (3/16) Mercury (Orb: 0 Deg 53 Min):*

You have a natural aptitude for psychology, history, and other areas that require a combination of intuition and intelligence. You have a good memory and good intuition.

*Saturn 7th harmonic (biseptile) Neptune (Orb: 2 Deg 06 Min):*

You have a deep mystical sensitivity that can grow and develop in quiet contemplation and meditation. You may be drawn to particular historical, artistic, cultural, ethnic, and religious traditions even though you were not exposed to them at an early age.

MIDPOINTS CONJUNCT/OPPOSITION MIDPOINTS

(IF THERE ARE ANY WITH UP TO A 15 MINUTE ORB)

*Sun/Pluto conjunct Venus/Neptune: (Orb: 0 Deg 12 Min):*

You have an intensely romantic side to yourself, and you are inclined to fall deeply in love. You have a sense of love and beauty that is more intense and imaginative than most people. You are drawn to intense art forms and intense romantic relationships. You can experience the heights of ecstasy and also hurt in love relationships so choose your romantic partner carefully.

*Moon/Mercury conjunct Neptune/Pluto: (Orb: 0 Deg 03 Min):*

You enjoy depth psychology, poetry, and any ideas that are imaginative, soulful, and penetrating. You develop your own ideas on religion, spirituality, and psychology. You are strongly attuned to the power of myths and legends in people's lives, and most likely you love myths, fairy tales, and legends, and you are very astute in determining the ideals and dreams that motivate people.

### DIRECT MIDPOINT STRUCTURES (ALLOWABLE ORB = 1 1/2 DEGREES)

#### *Neptune Opposition Mars/Uranus 0 deg 24 min*

You do things with greater creativity and originality than others. You dislike doing a task in an ordinary manner; you prefer to improvise and embellish whatever you do. Your energy level may be erratic with bursts of energy followed by lethargy. Involve yourself in areas where your originality and imagination are rewarded, avoid stimulants, and try to maintain a balanced, healthy lifestyle.

#### *Venus Conjunct Moon/Jupiter 0 deg 44 min*

Your kindness and warmth radiate out to others, and bring more happiness to others than you probably realize. You can be very successful working with children or in any other area where others will reward your kindness rather than take advantage of it. Avoid developing a habit of eating high-fat foods; otherwise, you may find yourself struggling to lose pounds later.

#### *Mars Opposition Sun/Neptune 0 deg 30 min*

You need to work in an area that captures your imagination. Like a child, you can get very excited about things which to others seem less important or dramatic. You succeed in areas where you can share your sense of magic and wonder. Your dreams may revolve around something as simple as athletic performances or as grand as visions of world peace; whatever your dream, follow it and share it, but take an objective look also at how your dreams and visions fit into the lives of others and the world in general.

*Pluto Conjunct Moon/Jupiter 1 deg 20 min*

You are very creative and you have ability to express deep feelings through art, literature, and theatre. You enjoy music that is driving or in some way brings out deep and strong feelings. You are a big believer in expressing one's feelings and you help others feel more comfortable sharing their deepest secrets.

*Sun Opposition Mars/Uranus 1 deg 22 min*

You are dynamic, sometimes impatient, and you often experience bursts of energy. These qualities can make you successful in sports or any area that requires fast reflexes and spontaneity. You are courageous, but be careful to not go to such extremes that you are foolhardy, as this inclines to mishaps and accidents.
