CHAPTER 1: HOW YOU APPROACH LIFE AND HOW YOU APPEAR TO OTHERS

Leo Rising:

Ferociously proud and somewhat vain, you like to be impressive and to be seen as **Somebody Special**. You are not timid, meek, or self-effacing, and are rarely content being in the background or in the subordinate position. You are a natural leader, and do not take orders from others very well. You must have something of your own, something creative - be it a business, a project, a home or whatever - that you can develop and manage according to your

own will and vision. Whatever you do, you do it in a unique, dramatic, individual way. You like to put your own personal stamp on it.

You also have a very strong sense of dignity, self-respect, and personal honor and are deeply offended if someone treats you in a humiliating or dishonorable way. You will rarely confront the offender - you are too proud to do so - but you will lose your affection and respect for them. You dislike pettiness and hate to be snubbed or ignored.

You admire others who are strong individuals like yourself. When you befriend someone, you are tremendously loyal, sincere, and willing to go to extraordinary lengths to make that person happy. You are very giving and generous, but your gifts are never anonymous - you expect recognition and appreciation for them. You also expect the intense loyalty that you offer to your dear ones to be reciprocated. However, you often have trouble working with people who are as strong as yourself, for you do not really cooperate or share the leading role very easily. If you are not in the leading role, you aspire to be and will compete with the person who is.

You have great heart and courage, and people often look to you for strength, encouragement, and affirmation. You always have your best face forward and rarely allow others to see you hurting, disheartened, or vulnerable. You also have a very strong need for love, admiration, appreciation, and praise, although you don't like others to realize just how important it is to you.

Your outlook on life tends to be very personal and rather self-centered. Your own self-expression, self-actualization and self-realization interests you more than anything else. You feel that if you do your best where you are, the rest of the world will take care of itself.

CHAPTER 2: THE INNER YOU: YOUR REAL MOTIVATION

Sun in Cancer:

You have powerful emotional attachments to the past, your family, your childhood, those places you associate with safety and security and your beginnings. Maintaining a connection with your roots and heritage and keeping family bonds strong are very important to you. Loyal, devoted, and sentimental, you tend to cling to whatever is dear to you, be it person, familiar place, or cherished possession.

You are sympathetic, nurturing, supportive, and very sensitive to the emotional needs of other people. You like to be needed, to care for others, and you often worry about the people you love. You have a very strong need for a sense of belonging and acceptance, and you center much of your life around your home. You are more concerned about people and their feelings than with power, achievement, or position in society. Kindness, consideration, and tenderness impress you more than any sort of honor the world can bestow.

You are primarily emotional and your views are often dominated by your feelings and by your own personal, subjective experiences, rather than reason, logic, or abstract principles. It is difficult for you to judge situations in a fair, objective manner for your personal sympathies and loyalties usually enter in. You take things very personally, and sometimes build a wall around yourself to protect yourself from pain and rejection. You feel rather shy and vulnerable at heart. You also tend to be moody, experiencing frequent emotional ups and downs. You need to have a place and time in your life to withdraw, introspect, dream, and replenish yourself; otherwise you become cranky and unhappy with those around you.

You function in an instinctive, nonrational manner and like to immerse yourself in creative activities where you can express your feelings, imagination, and instincts. You often love to cook, since it can be both creative and a way to nurture and nourish others. You also have a great affinity for music, because it evokes and communicates feelings that may be difficult or impossible to put into words.

Your compassion, sensitivity, and imagination are your strong points. Your faults include an inability to release the past and go forward, clannishness and prejudice, and a tendency to be self-pitying when you meet hardships in life.

Sun in 11th house:

Leading groups and classes, and being involved in community efforts, social activities, events or movements are areas where you really shine and express your creativity. An awareness of politics or the larger social impact of individual actions is natural to you.

Sun Conjunct Neptune:

Sensitive and imaginative, you are attracted to artistic and creative pursuits and to mysticism. You are impressionable and receptive, and you often have experiences that are unusual and unexplainable by the rational mind. You have an abundance of dreams, visions, and longings, but do not always have the concentrated will and stamina to make them concrete. Gentle, idealistic, and peace-loving, you often seek to avoid the hard realities of life. You have an ethereal quality about you.

Sun Opposition Mars:

You are direct, energetic, sometimes aggressive and combative. You often feel that you need to fight to get what you want and you tend to have a "me-first" attitude that angers or irritates

others. You are hasty, restless, impatient, and sometimes reckless.

Sun Opposition Uranus:

Impulsive, restless, and spontaneous, your life is apt to be somewhat unstable and full of sudden changes. You are extremely independent and crave excitement, adventure, freedom, and discovery. You have a rebellious streak and often feel you are unusual and different from the mainstream of society. The unorthodox and novel appeal to you.

CHAPTER 3: MENTAL INTERESTS AND ABILITIES

Mercury in Leo:

You are a person of strong opinions and you express your views energetically and often dramatically. You are an entertaining speaker and will embellish or exaggerate in order to get your point across. You have an aptitude for story-telling and performing. Even if your arena is only the classroom or dining room table, you put on a good show. You have an abundance of creative ideas and do not enjoy a job in which you have no creative input or voice in decision-making. You could be a good politician, spokesperson, group leader, director, or coach.

Mercury in 12th house:

You don't speak up readily, even when you have a lot to say! Also, your mind tends to drift and you find it difficult to study very factual material that doesn't have much color or

imaginative appeal. Your intuition and first impressions are likely to be quite accurate, however, and you tend to depend upon this faculty in making decisions.

CHAPTER 4: EMOTIONS: MOODS, FEELINGS, ROMANCE

Moon in Taurus:

Even tempered and peace loving, you are not easily ruffled and are rarely given to emotional displays. You have a calming effect on more high-strung or volatile people, and an emotional steadiness that others find soothing. Though gentle and not easily provoked, you are tremendously stubborn and will resist any change which requires an emotional adjustment, such as changes in your home life or marriage.

You seek security and loyalty in love, are extremely devoted to your loved ones, and provide a warm, nurturing atmosphere for them. However, you tend to cling and seek to keep others from changing.

A great deal of physical affection, closeness, and touching is essential to your well-being, and you have a tendency to overindulge in sensual comforts and pleasures. At times you substitute food for emotional comfort and love.

Moon in 10th house:

You work well with the public and have an instinct for what the public wants and will

respond to. Having a "nest" is not especially important to you, and you may invest more of your emotional energy into your career or public life than in your private life. Providing for and caring for others in a professional capacity is very likely.

Moon Sextile Saturn:

You have an inner poise and balance that enables you to act in a cool, efficient manner during emotional traumas and stress. You keep perspective and objectivity about highly charged emotional issues - sometimes to the chagrin of others who might wish that you would react more intensely. You are quietly supportive and faithful to your friends and loved ones.

Venus in Gemini:

In love, you are more interested in a person's sense of humor and intelligence than in their physique. You like a partner who is mentally alive and who keeps you guessing a little bit, and you become restless and bored with someone who never asks questions, never changes or surprises you. Talking, sharing ideas, going places together, and learning new things together is very important to your happiness. You need lots of social stimulation, are something of a flirt, and like to have many friends of both sexes. A possessive, jealous partner is very stifling for you.

Venus in 10th house:

Promoting beauty, the arts, or entertainment can make you very happy. You want to contribute something positive and loving to the world at large and you want to be recognized for your beauty, artistic gifts, or loving generosity. You may "marry" your work - that is, be more involved in your career than in your private life. You are a natural hostess or diplomat.

Venus Conjunct Pluto:

You have deep, compelling love feelings that seem irresistible and often irrational. Your love relationships are very passionate and intense, and you experience both agony and ecstasy in love. You are always changed in a deep, fundamental way by your love experiences, though this may come about through painful and difficult confrontations or separations. You are something of an emotional fanatic about things you care about.

Venus Square Saturn:

You are serious and find it difficult to enjoy yourself in a lighthearted, open and playful way with others. You rarely do something purely for pleasure, and can be very close-fisted and parsimonious. Perhaps due to painful separations in your early life, you are very cautious about becoming close to people and sharing your feelings. Though you crave love and affection, intimacy is difficult for you. You may become romantically involved with people who do not value you or treat you well. You need to learn to love and value yourself before you will find happiness in love.

CHAPTER 5: DRIVE AND AMBITION: HOW YOU ACHIEVE YOUR GOALS

Mars in Capricorn:

You are serious about your ambitions, and disciplined, dedicated, and tenacious in pursuing your objectives. Your drive and energy are directed toward practical material accomplishment and achieving concrete results. You also strive to be in a position of authority and social influence; you enjoy being the person who is in command.

You are hard-working and capable of forgoing immediate comfort in order to achieve your long-range goals. You can easily become a workaholic and are very responsible and conscientious about doing a thorough job.

Realistic and pragmatic, you are an excellent strategist. You attain success by formulating a conservative and workable plan and following through with it. You are not a gambler when it comes to attaining your goals; you depend on your own efforts and perseverance rather than good fortune. You have a natural shrewdness and instinct for business or organizational management.

Mars in 5th house:

You play vigorously and enjoy competitive games and physical rough-and-tumble activities. Athletics and/or physical activities have great appeal for you. You take the initiative in sports and also in romance: you are ardent in pursuing **ANYTHING** you desire.

Mars Conjunction Uranus:

Dynamic, self-willed, and fiercely independent, you have extraordinary drive and energy. When you want something, you want it **NOW**, and you act quickly, impulsively, and decisively. Your impatience inclines you to be abrupt with people and reckless. You need a great deal of personal freedom to do things in your own way and do not happily conform to schedules, rules, or regimes imposed by others. You are intolerant of authority and can be very rebellious. You are very frank with others, sometimes brutally so. You may have an explosive temper. High-strung and often nervous and tense, you find it difficult to slow down, pace yourself, or relax. You are always on the go. You are restless, daring, and experimental.

Mars Opposition Neptune:

Ordinary life often seems drab and uninteresting to you and you must have something that stirs your imagination, some vision or ideal or dream to motivate you. You have a strong urge to act out your fantasies or to live your dream, and you will **DO** things that others only talk about or dream about. Artistic creation, drama, or other areas in which you can express yourself imaginatively are excellent for you.

Work that serves only your own narrow personal interests does not satisfy you. You may lack the competitive edge, the fighting spirit, the me-first attitude that is often required for material advancement and success. You also tend to either overestimate or underestimate your own power and abilities.

CHAPTER 6: OTHER INFLUENCES

Jupiter in Cancer:

You make others feel accepted and comfortable. You have a knack for breaking down feelings of alienation and you make others feel included and a part of group activities. You have a loving, protective side that wants to take care of everyone. Creating a supportive atmosphere that is nourishing both to yourself and to others is one of your strengths.

Also, your home and heritage are important to you, and you maintain close connections to your past.

Jupiter in 11th house:

You have good fortune working with groups, organizations, and others who share your ideals. You go further if you unite your efforts with others, as in clubs, networks, or civic associations. Social improvement, or benefiting your community is very important to you.

Saturn in Pisces:

You often have a sense of longing or homesickness for something you cannot name or specify, and you may have both a great attraction toward, and fear of, mysticism and parapsychology.

Overcoming feelings of fear, guilt, anxiety, loneliness, or oversensitivity is an important task for you.

Saturn in 8th house:

Fear of the unknown, of change, and/or of death may plague you. You strongly resist changes and transitions rather than greeting them with curiosity or a spirit of adventure, which makes them much harder for you.

On another level entirely, you are very careful about joining forces, and especially your material resources, with others. You want to keep your own and other people's property and assets very distinct.

Saturn Square Pluto:

Once you decide what you want to do, you will pursue it tenaciously and, if necessary, sacrifice a great deal for your deeply felt convictions. This trait tends to make you feel a little

out of step with others. You take things a little more seriously and have an inclination to be a bit of a fanatic, although probably not flamboyantly so, so others may not know how deeply you feel and how driven you are about the things that are important to you. You have a deep inner resolve and are willing to struggle to do the things that are really meaningful to you, rather than follow an easier but less meaningful course in life.

Uranus in Capricorn:

You are part of a 7 year group of people who are active in reforming businesses, governments, and other large social structures. A great deal of streamlining and reorganizing takes place, most of which will help to improve the well-being of people, the ultimate goal of these reforms. Your generation will promote various reforms that will vary in different nations. For example, some will increase socialization of public services and others will put more services in the hands of private industry. In either case, your generation strives for greater efficiency and a great deal of waste is eliminated from industry and government.

Uranus in 5th house:

You are uninhibited and have an outrageous, crazy sense of humor. You love to get loose and you're often impulsive or "wild". Even if you appear conventional, you are attracted to highly eccentric, creative, or unusual companions. In romance, you are happiest when there is an element of surprise, unpredictability, and adventure. You may choose unstable love partners.

Uranus Opposition Neptune:

Those born in your generation can be highly inspired, but also confused or upset by anything irrational or paranormal. The old no longer suffices and the new is compelling but certainly not easy to integrate. Your age group has a great fascination with new techniques and innovations

which seem almost miraculous.

Neptune in Cancer:

You are part of a 14 year group of people that are highly intuitive, emotional, and sentimental. Your generation approaches religion in an emotional and devotional manner, and is less concerned with specific dogma and doctrine than other generations. You are an emotional and sentimental group that clings to your memories of precious and special moments.

Neptune in 11th house:

You are idealistic in your social and political outlook, and your ideals may impel you to join clubs, organizations, communities of like-minded people, or groups that share your vision and your concerns.

Pluto in Gemini:

You are part of a 30 year group of people who have a lighthearted and carefree attitude towards life. Your subconscious and emotional needs are not as great and not as difficult as other generations. You approach life in a more airy and easygoing manner. You know how to have a good time and do not take life as seriously as other generations do.

You are a curious and inquisitive bunch and love puzzles and word games. Some members of your generation will follow these interests with great depth, and contribute spectacular breakthroughs in the areas of languages, mathematics and logic.

These breakthroughs also highlight the importance of educational skills and the benefits they can bring, and your generation is highly motivated to improve the educational standards and

academic skills of people. A tremendous push is given to ensure literacy of all people, to develop adequate verbal and mathematical skills, and to slow down the dropout rate from high schools. Needless to say, these are noble goals that all generations support, but your generation puts a much greater emphasis on these issues than others age groups do.

The generation following yours is far more emotional and personally sensitive than your group. Consequently, many of you are oblivious to the emotional support and tender nurturing that your children (who are likely to be members of this next generation) require.

Pluto in 10th house:

You have a powerful sense of destiny and may be unusually, even ruthlessly, ambitious. There is a very driven, compulsive quality to the way you pursue your career or other important life goals, which is likely to win you both staunch admirers and vigorous opponents.

There is a very "radical" side to you, and you may want to remake or change the world in some significant way. Depending on other astrological factors in your chart and your own decisions, you can be either very destructive or a powerful force for healing and positive change in the world.

Technical Details of how the planetary patterns are determined: Each interpretation is based on a 3-planet pattern. The 3 planets are forming a midpoint structure where a planet forms one of the following aspects to the midpoint of 2 other planets: conjunct or opposition with 2 degree orb, square with 1 1/2 degree orb, semisquare or sesquiquadrate with a 1 degree orb, or 1/16, 3/16, 5/16, or 7/16 with a 30 minute orb. Also, the 3 planets are aspected to each other in the same harmonic. The harmonics analyzed are 1 through 64 and any doubling of these numbers, such as 120 which is a double of 60, up to 180. The total number of harmonics analyzed is 108. In the harmonic chart all 3 aspects are within a 12 degree orb. Also, any midpoint structure involving a conjunction or opposition aspect within a 1 1/2 degree orb, even if a harmonic triangle is not involved, is interpreted.

Given below is a brief interpretation of your birth chart. The major themes in your life are described. The themes are presented approximately in the order in which they are a priority in your life. In other words, the themes which are most important are, in general, described near the beginning of the report, and the less important themes are described towards the end of the report.

Each astrological influence described in this report is a resource available to you. It is up to you

to express these energy patterns in the best possible way. It is possible to repress, block, or try to avoid issues, or to fight yourself; hopefully this report will help clarify issues in your life, and encourage you to master your life rather than be a victim of circumstances.

Sun-Mercury-Mars 16th Harmonic

You are likely to take classes and continue to learn things throughout your life, never ceasing to work on getting a clearer and sharper understanding. While other people may say they do not have time to take classes, you make time because it is a high priority for you. Sometimes you are impatient with yourself and so anxious to master a subject that you become frustrated with yourself and possibly also your instructor, and this can cause you to prematurely terminate a training program, or get you into severe disagreements with others.

Sun-Mars-Uranus 4th Harmonic

You are dynamic, sometimes impatient, and you often experience bursts of energy. These qualities can make you successful in sports or any area that requires fast reflexes and spontaneity. You are courageous, but be careful to not go to such extremes that you are foolhardy, as this inclines to mishaps and accidents.

Sun-Mars-Neptune 6th Harmonic (6=3x2)

You need to work in an area that captures your imagination. Like a child, you can get very excited about things which to others seem less important or dramatic. You succeed in areas where you can share your sense of magic and wonder. Your dreams may revolve around something as simple as athletic performances or as grand as visions of world peace; whatever your dream, follow it and share it, but take an objective look also at how your dreams and visions fit into the lives of others and the world in general.

Sun-Uranus-Neptune 4th Harmonic

Your imagination and idealism are unusually strong. It is likely that you believe in various paranormal phenomena that most people are skeptical of. In order for your dreams, visions, and fantasies to develop to their greatest potential, it is best if you avoid drugs, alcohol, and stimulants.

Mars-Uranus-Neptune 4th Harmonic

You do things with greater creativity and originality than others. You dislike doing a task in an ordinary manner; you prefer to improvise and embellish whatever you do. Your energy level may be erratic with bursts of energy followed by lethargy. Involve yourself in areas where your originality and imagination are rewarded, avoid stimulants, and try to maintain a balanced, healthy lifestyle.

Venus Conjunct Moon/Jupiter 0 deg 44 min

Your kindness and warmth radiate out to others, and bring more happiness to others than you probably realize. You can be very successful working with children or in any other area where others will reward your kindness rather than take advantage of it. Avoid developing a habit of eating high-fat foods; otherwise, you may find yourself struggling to lose pounds later.

Pluto Conjunct Moon/Jupiter 1 deg 20 min

You are very creative and you have ability to express deep feelings through art, literature, and theatre. You enjoy music that is driving or in some way brings out deep and strong feelings. You are a big believer in expressing one's feelings and you help others feel more comfortable sharing their deepest secrets.

Sun Conjunct Mercury/Venus 1 deg 58 min

You succeed in areas that require a good sense of proportion, balance, or a knack for doing things that are both functional and attractive. This is so natural and innate for you, that you may take it for granted, or not consciously recognize how it affects the manner in which you do many ordinary daily activities. Many crafts and skills require your talent for doing things with good taste and aesthetic awareness.

Sun Conjunct Mercury/Pluto 1 deg 40 min

When you get interested in a subject, you like to go all the way, uncovering the depths of the subject. You are a person that really loves to learn, but your love of learning ironically sometimes causes you to lose interest in academics! Memorization, the drudgery of homework, and competing for better grades are not exciting to you; what is exciting to you is discovery, and finding out the hidden causes of something. Once you uncover how something works, you can become a little fanatical about its importance and lose perspective.

Mars Opposition Mercury/Venus 1 deg 57 min

You have excellent aptitude for understanding the arts, and you are talented in artistic areas as well. You enjoy making things that are beautiful, and you succeed in areas that require an aesthetic sense as well as technical ability. You also have some talent for psychology, and you could be good as a marriage counselor, for example.

Mars Opposition Mercury/Pluto 1 deg 39 min

Sometimes you become impatient and even belligerent with others if you feel that their ideas are poorly constructed or based on erroneous assumptions. You are shrewd and insightful but sometimes you are not as open to other points of view as you think you are.
