Diego's Sun in Sagittarius and Frida's Sun in Cancer:

The two of you are quite different. Whereas Diego tends to be idealistic, and somewhat impersonal or philosophical about personal issues, Frida is very emotional, sympathetic, and apt to get totally enmeshed in personal problems or concerns. Diego is often humorous or blase and even seemingly indifferent to the things which matter so much to Frida. This, along with Diego's characteristic blunt honesty, can wound Frida deeply.

Another difference between you is that Frida cherishes the past, while Diego often has little interest in reminiscing or dwelling on what went before. Diego is more future-oriented, and also more of a gambler or risk-taker.

Although you may have a lot to offer one another, it is unlikely that spending a great deal of time together would work out well. You're best for each other in small doses.

Diego's Moon in Taurus and Frida's Moon in Taurus:

You two have very similar emotional needs and instinctive responses to situations. The one

problem you may have is that you are both so stubborn that when you lock horns, neither of you is willing budge.

Both of you have a strong urge for material comfort and security, domestic stability, peace, and serenity. In fact, you are very obstinate and inflexible when it comes to changing your routine or making an adjustment in your personal life. You need a slow pace, time to chew over feelings and digest experiences before taking any action. You share a great love and enjoyment of nature, gardening, food, and other simple pleasures.

Frida's Sun Opposition Diego's Mars:

This is an active, energetic relationship and you can accomplish a great deal together. Be wary, however, of the tendency to butt heads when your combined dynamic energy makes you both feel impatient.

Frida's Sun Square Diego's Uranus:

When the two of you get together, you make a lot of noise, and there is lots of excitement. There is a strong element of unpredictability and spontaneity as well and you enjoy improvising new ideas and playing together. Because there is a loose, spontaneous quality to your relationship, you find that very often you can not depend on each other and it is difficult for the two of you to focus on mundane, tedious, or onerous tasks together. This is a good relationship for exploring new possibilities and interests and for spurring each other to become more spontaneous, independent, and creative, but a difficult relationship if dependability and commitment to each other is a high priority.

Frida's Moon Conjunct Diego's Neptune:

You are very sympathetic and sensitive to one another's moods and emotional needs. Diego,

especially, is very compassionate and aware of Frida's feelings. You also enjoy sharing ideals, social concerns, religious views, artistic, and musical tastes, and you are likely to engage in important social welfare, religious, and artistic areas together. However, if either of you has emotionally-based problems such as alcohol abuse, drug abuse, or fanatical religious attitudes, this problem will quickly become the focus of the relationship and undermine the relationship until the problem is overcome or the relationship dissolves.

Frida's Moon Conjunct Diego's Pluto:

If your relationship is a close one, you will find that you "get under each other's skin" and you develop strong feelings, both positive and negative, towards each other. Frida is likely to detest certain things about Diego, not realizing that these qualities are ones that Frida also shares but will not consciously admit to also having! This relationship has the potential to help both of you clear away subconscious blocks and inhibitions, but you may also become only further embroiled in your own prejudices and emotional "hang-ups"; the choice is yours.

Diego's Moon Sextile Frida's Jupiter:

A pleasant, harmonious tone pervades your relationship. This quality is so natural to your association that it is easy to take it for granted. You feel very at home and comfortable with each other. You put each other in a good mood. You may, however, also bring out a lazy, indolent, self-satisfied side in one another.

Diego's Mercury Trine Frida's Mercury:

You solve problems and think about issues with a similar perspective and you are able to communicate clearly to each other. You enjoy talking to each other, sharing ideas, and learning from each other, and you are able to plan, design, and develop ideas jointly in a very successful manner.

Diego's Mars Conjunct Frida's Mars:

You energize, stimulate, provoke, inflame, and challenge one another! You can also irritate, anger, fight, push, and drive each other! Together you can accomplish an enormous amount of work, and it is important to you to share vigorous physical activities as an outlet for some of the fire you stir up in one another.

Diego's Mars Opposition Frida's Jupiter:

You spark each other's ambitions and hopes. You find yourselves scheming together, developing business plans, or other strategies for achieving success. You encourage each other to set your goals high and it is likely that you will undertake several joint ventures together. Over-optimism and unrealistic hopes are your liabilities; enthusiastic hard work is your asset.

Frida's Mars Square Diego's Uranus:

You enjoy dynamic physical activities together, and it is likely that you enjoy playing sports, competing against each other, and doing things together in a spirited, zealous manner. You are quite a "dynamic duo" but you are also inclined to become angry with each other and feel irritated by each other. The friction and impatience that you arouse in each other can also lead to pushiness, power struggles, anger, and hostility. You often provoke one another needlessly.

Missing Number(s) are: 2 3

First letter is D

First vowel is I

Your Soul Number is EIGHT.

There is nothing small or modest about your ambitions and you have the drive to achieve the recognition and material success that you are aiming for. You dream of rising above the

common crowd to reach the pinnacle of success, becoming a person of influence, responsibility, and power. Strong-willed and determined, you will persevere and overcome all obstacles on the way to your desired goals. You are a natural executive, possessing organizational talents and the ability to manage large-scale operations in the commercial world. You enjoy the challenge of "playing in the big league".

Your emotions and personal life generally take a back seat to your striving for professional advancement and material goals.

You can be a strong power for good in the world if you do not fall into the trap of mere personal ambition and self-aggrandizement.

Your Personality Number is **SIX**.

People are naturally drawn to you for advice, counseling, comfort, and assistance, for you radiate a sympathetic and protective concern for the well-being of others. You seem motherly or fatherly, and you inspire confidence and trust. You have a helpful, understanding demeanor and you like to be of service.

It is essential for you to be in harmonious surroundings that have a personal, loving touch. Even in your office or work place, you will create an environment that is warm, comfortable, and "homey".

You tend to dress modestly and are not especially fashion conscious, though you do have an eye for what is appealing and harmonious. You often put your family or other people ahead of yourself, and you may neglect your personal appearance. Usually you have other priorities ahead of your wardrobe or personal adornment. You dress mainly for comfort, and exotic, dramatic, flamboyant styles are definitely not for you.

Your Destiny Number is FIVE.

You have a lively, curious, eager mind and are vitally interested in learning, experimenting, moving with the times, experiencing all you can. A stable, predictable environment that offers much the way of security but little in the way of variety, mental stimulation, movement, or change is not your cup of tea. You seem unstable or unreliable, flitting from job to job or relationship to relationship, for once the challenge and the potential to learn something new is gone, you are impatient to move on. New ideas, new places and faces and unexplored territory beckons you. You may be an insatiable reader or traveler. Freedom, adventure, and change are your lifeblood.

You are an eloquent communicator, quick-witted, articulate, and fluent both orally and with the written word. Your sharp mind and mastery of language combine to make you an effective and entertaining speaker, salesperson, or teacher. Your path lies in introducing new concepts and innovations, sparking discussion and controversy, and promoting change and progress.

Your Missing Number(s) are:

TWO: You are frequently inconsiderate of others and lack the ability to truly cooperate, compromise, and appreciate the other person's point of view. You need to develop a sensitive awareness of others' needs and concerns. You give only what you want to give and relate only on your own terms. Try to be more flexible.

THREE: You often lack a sense of humor and joy in living. You need to allow yourself to play, be spontaneous, and express yourself more freely and creatively. Try to adopt a more

generous, cheerful attitude.

You are also uneasy and unsure of yourself in social situations and must learn to overcome your tendency to withhold your thoughts and emotions. Singing would be an excellent way for you to free up your resistance to open communication.

Your First Vowel is I.

Your instinctive response to any situation is **INTUITIVE DISCRIMINATION**. You act according to your intuitive sense of a situation, and may seem entirely illogical and impervious to rational argument. You are sensitive and intelligent, with the ability to perceive and understand subtleties and complex issues.

You are sympathetic, idealistic, and have a strong humanitarian impulse. You can be overly subjective, overly sensitive and emotional. You avoid confrontation as much as possible, and are sensitive to criticism and rejection.

You are also inspired intellectually or artistically and require a supportive atmosphere in which to develop these gifts.

Your First Initial is D.

Determined, stubborn, and persistent, you are able to withstand hardship and overcome obstacles by your steady, concentrated efforts. You are extremely practical, capable in organizing and managing material affairs, and basically conservative in your approach to life. You dislike taking risks where your future security is at stake.

You are a hard worker, solid and reliable, perhaps something of a workhorse. Others depend upon your stable strength.

Though strong-willed, you nevertheless have a rather soft exterior, rarely initiating conflict or controversy. You are slow to change, and somewhat passive, at least outwardly. You also enjoy a relaxed pace, preferring the country or a smaller town to an urban lifestyle. There is a simplicity about you, possibly a certain bluntness and lack of subtlety as well.
